

ONLINE JOURNAL PLATFORM

CAN BE PUBLISHED IN THE NAME OF THE COLLEGE.

TECH AVENTURE JOURNAL SYSTEMS

Are your college journals or articles still published offline???? Tech Adventure introduces Tech Adventure Journal Systems (TJS) to you. Now when you publish your journals or articles, the whole world reaches out in the name of the College and it will last forever....

ABOUT.....

TJS is a journal management and publishing system. It assists with every stage of the refereed publishing process, from submissions through to online publication and indexing. Through its management systems, its finely grained indexing of research, and the context it provides for research, TJS seeks to improve both the scholarly and public quality of referred research. TJS is web application available to journals worldwide for the purpose of making open access publishing a viable option for more journals, as open access can increase a journal's readership as well as its contribution to the public good on a global scale

Features:

1. **Tech Aventure Journal system (TJS) is a content and workflow management system for peer-reviewed scholarly and scientific publications.**
2. **TJS lets authors submit reviewers review, and editors edit - all on-line, from anywhere in the world.**
3. **TJS follows an article from submission through peer review, copyediting, layout editing, proofreading, and on to publication. Never lose track of an article again.**

4. TJS keeps statistics. What's your acceptance rate? How long does it take to review a submission? What's your most popular article? Get to know your journal better.

5. TJS can be run on your own website name. Take control of your data.

6. TJS is automatically indexed in Google Scholar and provides tools for getting your content included in other databases. Be visible.

7. TJS is configurable to meet your needs. Add sections change the look of your website, enable subscriptions or go open access. Make it work your way.

8. TJS integrates with LOCKSS and portico for digital preservation keep your data safe
